Coding Ninjas

Professional Experience

2024/07 - 2024/08 Salesforce Admin

Techforce

Learned some Salesforce technologies.

2023/11 - 2024/02 Ninjas Leader

Codingninjas

Campus Ambassador at Coding Ninjas, driving community engagement, organizing events, and promoting tech initiatives, showcasing effective communication and leadership skills.

Education

B-Tech

Arya College Of Engineering &I.T.

Pursuing B.Tech in AI & DS, gaining expertise in diverse applications.

2021 − 2022

Senior Secondary School

Dhruva Bal Niketan School

Completed 12th in PCM with foundational knowledge in mathematics and sciences.

2019 − 2020

Secondary School

Completed 10th grade with a focus on fundamental academic accomplishments.

Skills

C++ Programming

Understanding of C++ syntax, data structures, and algorithms.

Govt. SR. SEC. School.

Understanding of encapsulation, inheritance, and polymorphism concepts.

HTML $\bullet \bullet \bullet \bullet$ Skilled in creating well-structured and semantic HTML documents.

Skilled in managing and troubleshooting Red Hat Enterprise Linux (RHEL) systems.

NodeJSIntermediate skills in building server-side applications and APIs.

MongoDB

Competent in designing schemes and performing CRID operations

Competent in designing schemas and performing CRUD operations for NoSQL databases.

ReactJS

Skilled in building responsive and interactive user interfaces using component-based architecture.

C Programming

CSS

JavaScript

databases.

Capable of designing and implementing algorithms in C.

DSASolid understanding of fundamental data structures such as arrays

Solid understanding of fundamental data structures such as arrays and linked lists.

Proficient in applying basic styles to HTML elements using CSS.

11 7 0 7

Proficient in building dynamic web applications and interactive user interfaces.

 \bullet

Express]S • • • •

Experienced in developing RESTful APIs and middleware for web applications.

SQLProficient in writing complex queries and managing relational

Ansible • • • •

Automating IT infrastructure tasks, managing configurations, and deploying applications using playbooks and roles.

Certificates

Spoken Tutorial.

Successfully completed the Spoken Tutorial by IIT, scoring 77% in the C++ language.

HTML

Udemy HTML Certificate holder, showcasing proficiency in web development fundamentals.

C++

Coding Ninjas C++ certificate holder, showcasing proficiency in programming basics.

RHCSA

Red Hat Certified System Administrator (RHCSA)

Projects

Animated Landing Page 🛭

Web Page

I created a vibrant landing page inspired by Fanta, featuring smooth scrollable animations using HTML, CSS, JavaScript, and GSAP. This project showcases engaging animations and a playful design, though it's not yet responsive.

Spotify Clone [2]

Web Page

Developed a Spotify Clone as a learning project to deepen my understanding of web development. The project involved creating a static web application that visually replicates the core features of Spotify, including the layout and design of the music streaming platform.

Razorpay Clone 🛮

Built a functional payment gateway system using HTML, Tailwind CSS, and JavaScript, simulating core features like transaction processing and payment integration.

Achivement

HackerRank

Achieved 5-star proficiency in C++ on HackerRank, showcasing strong problem-solving skills.

Google Cloud Study Jam

Achieved 2nd position in Study Jam

DSA

Problem Solved

Solved 200+ DSA problems across multiple platforms, including GeeksforGeeks, Coding Ninjas, and LeetCode.

Extracurricular

Scintillations-2023

Participation in the event Elementa.

Executed a home automation project for an event, showcasing practical skills.

Scintillations-2023

Participated in the event GameCon

Participated in the event and showcased gaming skills playing Mini Militia.

Zephyr-2023

Participated in the event Robo Race

Participated in the Robo Race event, qualified in the first round.

Google Colud Study Jam - 2024

Participated in Google Cloud Study Jam and achieved 2nd position.

Exergie - 2024

Participated in the event Smash the Bug

Interests

Coding

Coding and problem-solving on platforms like LeetCode and HackerRank.

WebDevlopment

Web development, with a focus on creating dynamic and user-friendly interfaces.

DevOps

Enthusiastic about tools and practices for improving software delivery and automation
